# USCG Float Plan - BOATING EMERGENCY GUIDE™

**BEFORE YOU BEGIN** – This guide is designed to work either with or without a Float Plan. You will need the following items: 1) the Float Plan, if one was given to you; 2) a pen or pencil; 3) a clean sheet of paper or writing tablet; and 4) your local telephone directory.

**Step 1:** Do you have a genuine concern for the safety or welfare of any persons who have not returned or checked-in, in a reasonable amount of time?

If yes, then continue with **Step 2**. Otherwise **STOP** -- no further action is required at this time.

**Step 2:** Were you given a prepared Float Plan by anyone on board the vessel?

If yes, then continue with **Step 3**. Otherwise, go to **Step 5**.

**Step 3:** Locate the Contacts at the top of page 2 on the Float Plan. Call Contact number 1...

IF CONTACT #1	THEN						
Answers phone	Take notes during your conversation. <ol style="list-style-type: none"><li>Let the person know you are responding to a late return or check-in by the individuals designated on the Float Plan.</li><li>Determine if the person you are talking to, or anyone else at that location, has recently had contact with anyone on the vessel, and when and where that contact occurred.</li><li>Are you still concerned about the safety or welfare of any persons on board the vessel?<table><tr><th>IF</th><th>THEN</th></tr><tr><td>Yes</td><td>Continue with <b>Step 4</b>.</td></tr><tr><td>No</td><td><b>STOP</b>. No further action is required.</td></tr></table></li></ol>	IF	THEN	Yes	Continue with <b>Step 4</b> .	No	<b>STOP</b> . No further action is required.
IF	THEN

No	<b>STOP</b> . No further action is required.						
Does not answer phone	Continue with <b>Step 4</b> .						

**Step 4:** Call Contact number 2...

IF CONTACT #2	THEN						
Answers phone	Take notes during your conversation. <ol style="list-style-type: none"><li>Let the person know you are responding to a late return or check-in by the individuals designated on the Float Plan.</li><li>Determine if the person you are talking to, or anyone else at that location, has recently had contact with anyone on the vessel, and when and where that contact occurred.</li><li>Are you still concerned about the safety or welfare of any persons on board the vessel?<table><tr><th>IF</th><th>THEN</th></tr><tr><td>Yes</td><td>Continue with <b>Step 6</b>.</td></tr><tr><td>No</td><td><b>STOP</b>. No further action is required.</td></tr></table></li></ol>	IF	THEN	Yes	Continue with <b>Step 6</b> .	No	<b>STOP</b> . No further action is required.
IF	THEN						
Yes	Continue with <b>Step 6</b> .						
No	<b>STOP</b> . No further action is required.						
Does not answer phone	Continue with <b>Step 6</b> .						

**Step 5:** Using the checklist below, jot down only what you know about each item:

**DO NOT SPECULATE.** Incorrect information may mislead Search and Rescue personnel; add to the overall search and rescue time; and adversely affect the outcome.

- ☐ Period of time the vessel has been overdue.
- ☐ Purpose of the trip or voyage.
- ☐ Description of vessel. (Type, size, color, features, etc.)
- ☐ Vessel's departure point and destination.
- ☐ Places the vessel planned to stop during transit.
- ☐ Navigation equipment aboard. (Examples: GPS, radar, compass, sounder, etc.)
- ☐ Number of persons aboard. Relevant characteristics such as dependability, reliability, etc.
- ☐ Was the vessel initially docked or moored or did a vehicle tow it to a launch point?
- ☐ License plate number and description of the tow vehicle and/or the passenger's transport vehicle.
- ☐ Communications equipment aboard, including type of radio and frequencies monitored, cellular or satellite telephone numbers of individuals, etc.
- ☐ Additional points of contact along the vessel's planned route.
- ☐ Operator and/or a passenger/crew member absolutely had to be back at the scheduled return time.
- ☐ Call your local Rescue Authority that responds to marine emergencies (Police, Sheriff, Constable, First responder, etc.).

Go to **Step 6-2**.

**Step 6:**

- Call the Rescue Authority contact at the top of page 2 on the Float Plan.
- Tell the dispatcher you are responding to a late return or check-in by the persons on board the vessel.
- The dispatcher will instruct you from there.

**Note:** The dispatcher will provide you with the necessary contact or agency connection to get a search and rescue mission started. This puts you in direct contact with the agency conducting the actual search and rescue, eliminating unnecessary middlemen.  
The dispatcher will tell you if he/she desires a follow-up call on the outcome of the rescue.

- Continue with **Step 7**.

**Step 7:** Be patient... you've done everything you can possibly do for now. It is important to keep the telephone available so emergency personnel can contact you with additional information and/or questions concerning the search and rescue effort.

**STOP -- End of Guide**
